

Kevin & Sonjia Dickerson, Pastors

March 18, 2020

Greetings all,

We would like to provide some very important updates regarding worship services. The changes are as follows:

1. Effective immediately (until otherwise notified) we will move to a virtual service.

What does this mean?

- We will not have worship service in the church facility
- We will have access to join in on worship services online

What are the benefits of having virtual worship services?

- The ability to keep the body of Christ connected to hear the preached word
- The ability to share important updates about the ministry
- The ability to participate in all aspects of the worship service (praise & worship, prayer, tithes & offering, etc.)
- Remember you can give using our many methods via www.dayspringfamilychurch.org, such as Givelify, Easy Tithe, Paypal, etc.
- The ability to invite others to receive a word from God
- The ability to still extend the opportunity for others to join the church
- To provide hope and encouragement to all
- The ability to help evangelize by inviting others to gather online to hear the service

2. The church website will be updated to include timely and relevant information to help everyone navigate through this season. Information will be placed on the website that includes information about:

- The transition to home schooling
- How to communicate what is happening in our world to your children
- How to continue focusing on higher education
- Agencies with information regarding household bills assistance
- How to navigate, access, and understand employment benefits
- Mental and physical wellness

In closing, please be encouraged during this season of uncertainty. God is yet in control, there will be glory after this! We serve a living God who has promised never to leave us nor forsake us. He is indeed faithful!

Blessings,

Bishop Kevin and Pastor Sonjia Dickerson
